

Annual SPIRIT card award for the period 4th Qtr 2015 to 3rd Qtr 2016

We are pleased to announce that as per the BBS Award scheme which was commenced in year 2015 and replaced the earlier crew commendation award scheme of 2013, we have now reviewed and selected the three (3) best SPIRIT cards submitted on board Unix/TMS/TMM fleet during the period from 4th quarter of 2015 to 3rd quarter of 2016.

Bosun found one of crew member mopping in cargo tank and heard the crew personal gas detector alarm activated. However the particular crew ignored the alarm and continued mopping. Bosun immediately instructed the crew to stop the mopping operation and vacate the cargo tank immediately by walkie talkie. The crew came out of the tank as instructed. Bosun re-checked the gas oxygen content of tank and confirmed normal gas check readings before allowing the crew to continue with the mopping operation.

After overhauling the ballast pump in the pump room one engine room crew was returning to the engine room workshop with both hands holding two buckets of tools and dirty rags. He was not holding the staircase railing. I/E immediately stopped the crew and reminded him of serious injuries due to slips and trips and to always hold the railing when ascending or descending stairways.

AB noted that the container used by surveyor for taking samples of caustic soda was placed at the vessel midship along with the cleaning chemicals without any marking. AB labelled the container for easier identification, avoid mixing and kept it separately lashed as an additional precaution.

Congratulations for the above three winners. Each of 3 listed crew are entitled to US\$1500 each. For payment mode kindly contact the crew accounting team in Unix. This award is for the crew personal use and not the entitlement of the ship he had served. Only if the crew member has left the services of the company than an exception may be made which to be confirmed from Unix Marine Director.
